# PEACE RESTORED FOR TRAINERS

## **PART 2: LEARN TO TRAIN OTHERS IN RESTORATIVE PRACTICES**

Creative Response to Conflict trainers build on the concepts and activities explored in part 1. This workshop will enable participants to train others in introductory circle-keeping and restorative practices. We will delve more deeply into activities and techniques that allow groups to prevent and repair harm, and encourage growth and restoration of relationships. Share these valuable tools with others in your school or community, to ensure more successful incorporation of restorative practices.
